

Parent Information - Monday 11th May 2020

Ongoing Support

I hope you have been finding our Home Learning Packs to be comprehensive and well structured. They do contain carefully planned curriculum content that the children would be covering in school at this time of any other year.

Our introduction of the Seesaw App throughout all classes this week should complement these packs. It is our hope that this form of communication will help to serve two purposes:

- 1. To maintain the very important pastoral connection between teacher and child**
- 2. To facilitate teachers in providing additional support for children and monitor their learning**

If you have not already signed up to this app and would like to do so, please email the school account, ballymacrickett@outlook.com and provide the school with the following details for each of your children:

Child's Name

Teacher's Name

Year Group

Following this, you will receive a response with instructions on how to set up your account linked to your child.

I hope that you will find the Seesaw App of further assistance with your children's learning and that the personal contact it facilitates will be supportive to their pastoral needs.

Best regards

D. Mulholland
